March 2015 Edition

## **ACKNOWLEDGEMENT**

The Clubs & Societies Handbook is an information handbook that includes all student organizations in Universiti Teknologi PETRONAS. This handbook is initiated by the Research & Club Development (RCD) from Student Representative Council of Universiti Teknologi PETRONAS (SRCUTP) and supported by the Student Support Services Department (SSSD). With this handbook, it is hoped that all students especially the new ones can get an overview about the student organizations in the university.

Our deepest gratitude dedicated to all student organizations especially the high committees for the cooperation given to RCD of SRCUTP in giving details of the organizations and full support in making this handbook a reality.

Last but not least, utmost appreciation to those who have involved directly or indirectly in producing this handbook.

Thank you.

## **INTRODUCTION**

In Universiti Teknologi PETRONAS, student-activity is an important aspect of university life. Student organizations -which consists of clubs and societies and student interest group- help in enhancing our social life in the campus while promoting the well-being of students. Student Support Services Department (SSSD) with Student Representative Council (SRCUTP) specifically Research & Club Development (RCD) members will support the development of clubs and societies on our campus to increase the number of student activities and events throughout the year. RCD-SRCUTP and SSSD will also assist the students in establishing and managing the clubs and societies.

In Universiti Teknologi PETRONAS, Clubs & Societies are divided into 5 categories:-

- Student Body
- Student Support Group
- Student Development Club
- Academic Club
- Sports Club

There is also a Student Interest Group (SIG) under the management of Co-curriculum Unit. SIG is not considered as a club or society. The differences between clubs and societies and SIG are:-

- Club or Society is registered under SSSD while SIG is under SSSD but supervised by the Co-curriculum Unit.
- Club or Society is eligible to get sponsorship from outside organizations (eg. Ministry of Sports) but not SIG.
- Club or Society has more advantages in getting budget and facilities usage from the university compared to SIG.
- Club or Society must have at least one general meeting annually but not so for SIG.

Please take note that it is **compulsory** to join a club or society (*SIG is not included*) starting **January 2015**. It is a new policy under the management of UTP.

## **OBJECTIVES**

The objectives of the student handbook are to:-

- Provide students an overview regarding all the clubs and societies as well as student interest group in Universiti Teknologi PETRONAS.
- Provide students with information on how they can get involved in extra-curricular activities through clubs and societies.

We hope that all students will get involved in the activities and events organized by the student organizations as to achieve the university mission to produce well-rounded graduates.
