# DIRECTOR'S MESSAGE

## Dear Stakeholders,

At Yayasan Universiti Teknologi PETRONAS (YUTP), we remain committed in seeking contributions and in forging partnerships with individuals and organisations to support the education and development of deserving students at Universiti Teknologi PETRONAS (UTP). Our efforts also support UTP in its growth and delivery of holistic education since YUTP's establishment over a decade ago.

The year 2019 passed very quickly, but yet many great things happened. YUTP was able to support more students to pursue their dreams through high-quality education at UTP which was made possible by generous people like you.

Our financial assistance programme started in 2010 with 6 scholarship recipients and to date, YUTP has sponsored 1,736 students through various programmes for their education. In 2019 alone, we awarded scholarships, education grants and bursaries to 253 students. YUTP also supported more than 300 students for their development activities in the same year.

As the Director of YUTP, I am delighted to present YUTP's 2019 annual review to show some snapshots of our work and accomplishments throughout the year. I am also proud to announce that all our graduated scholars are employed with good companies and are now able to give back to their families. Some are even giving back to YUTP to help the younger generations. It feels truly wonderful to see how their lives have been positively impacted and transformed with our help.

In closing, allow me to express my heartfelt gratitude to everyone who had contributed to YUTP's success in 2019. Thank you for your effort, commitment and investment in our noble mission. I look forward to your continued support for YUTP in making a difference.
